STAR Financial Bank Promotes Cory Weaver to Director of Technology Operations

Fort Wayne, Ind. (March 31, 2026) – STAR Financial Bank is pleased to announce the promotion of Cory Weaver to Director of Technology Operations. Cory brings more than 20 years of experience in information technology, 10 of those years with STAR, serving in various technology roles within the bank.

“I’m excited to step into a larger role and continue collaborating with the outstanding team at STAR,” said Weaver. “Together, we’re driving meaningful conversations across our organization to serve our customers through innovative technology.”

In his new role, Cory will lead STAR’s infrastructure, service desk, IT security, and core systems teams, ensuring the bank’s IT systems remain scalable, secure, and reliable, expertise he has honed in his current role, where he manages the organization’s IT infrastructure and drives continuous improvement in disaster recovery and business continuity practices.

“Cory has been a foundational member of STAR’s technology team, leading the design and implementation of critical IT infrastructure,” said Brian Avery, Chief Technology Officer. “He is uniquely positioned to lead the Technology Operations department and guide the company in adopting new technologies that enhance both operations and customer experience.”

Through his decade-long tenure, Cory also served as a Systems Architect, leading the design and implementation of STAR Financial Bank’s server, storage, and systems infrastructure. This experience has provided him with a deep understanding of the bank’s business operations and strong collaborative relationships across departments.

He holds a Master’s degree in Information Technology Management from Western Governors University and brings more than a decade of experience with STAR, along with a strong background in the financial services industry. Outside of work, he enjoys spending time with his wife of more than 16 years and their son, who is active in lacrosse and gaming. In his free time, he can often be found grilling, working on outdoor home projects, or keeping up with his family’s lively pack of dachshunds.
